

Why work for FIELD?

All you have to do is review our history to see what we mean by “you will make history with FIELD!” Founded in 1978 by Cesar Chavez, FIELD is dedicated to helping rural workers, families and communities. Whether you are working in education, job training, or program development, FIELD needs workers with passion, a spirit of collaboration, and a devotion and loyalty to helping people in need. We take care of our people, and our people take care of each other. *¡Sí Se Puede!*
